It is always a pleasure for a Superintendent of Schools to greet a high school student body through the memorable pages of an annual yearbook. It has been my pleasure on several occasions this year to visit the Horace Mann High School. I have always been impressed by the pervading atmosphere of work that seems to permeate the student body. A school is a workshop for learning and its success is measured in terms of its fulfillment of this role.

Perhaps prior to the time that you receive this completed yearbook, your campus will be a beehive of construction activity. Several new classrooms and a new auditorium will soon be added to the Horace Mann campus. Good physical facilities are important, however they do not guarantee a good school program. As your school building is improved and expanded, may you, the student body, dedicate yourselves anew to the basic purpose of education. May you always remember that the record that you make for yourself during your days in high school can and will be either an asset or a liability during all your days of adulthood.

May I congratulate the staff upon the production of this yearbook and wish for the student body continued success in your every endeavor.

The Horace Mann "Bearcats" closed the season with a 10-3 record and a 9-0 conference record which brought the Big Nine Championship of 1962.

Coach Fred D. Swinton, Coach A. C. Crater, and Coach O. B. Elders, have led the "Bearcats" to one undefeated season, two Big Nine Championships and one Co-champion in the seven year history of Horace Mann.

During the season of 1962 the Bearcats made 45 touchdowns, gained 3,460 yards, attempted 107 passes and completed 58 passes and kicked 35 extra points.
